

Copper Sink Care

Care & Maintenance

Wax and Oil

SC-CSC-KT1 Copper Sink Care Kit

Oil, Wax & Cloth

Can be used separately or together. Apply wax before oil for best application. Either will aid in the protection of patinas and plating.

SC-CSC-W04 **Wax w/ Cloth**

Applies like a paste auto wax. All natural food safe ingredients.

SC-CSC-OL4 **Oil w/ Cloth**

Apply with cloth to aid in the beading of water and protection of patinas and plating.

Sierra Copper

Installation Silicone

SC-CSC-SA2 **Antique Silicone**

For mounting drains & sealing edges for antique patinas.

SC-CSC-SC2 **Clear Silicone**

For mounting drains & sealing edges for all patinas or plating.

Undermount Installation Clips

SC-CSC-CP4 **4 Clips (Bath/Bar)**

SC-CSC-CP8 **8 Clips (Kitchen)**

Spot Darkener

SC-CSC-DK1 **Darkening Solution**

Use for darkening small areas. Not for use on larger lightened areas.

Sink will darken naturally over time should lightening occur.

Use only neutral cure silicone for drain install and sealing of edges.

*Use of plumbers putty voids all sink and drain warranties.
